### SCHOOL BANKS WOULD **BUY LIBERTY BONDS**

Local Fraternal Organization Are Preparing to Aid Loan.

Robert N. Mattingly, manager of the two public school savings banks at the armstrong and the Garnet schools, asked permission yesterday, in a letter to Supt. Thurston, to invest some of the funds of the school banks in the "Liberty Loan." Mr. Mattingly stated that without any drain whatsoever, the Armstrong School bank can purchase two of the \$100 bonds and the Garnet School one of them.

He also declared that, as further calls are made during the period of war, these school banks will be in a position to purchase additional bonds. Should this plan meet with the approval of Supt. Thurston, which no doubt it will, Mr. Mattingly will then take the matter up with the iy will then take the matter up with the board of supervisors of the banks, of which he is secretary.

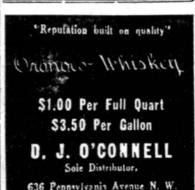

Another novel method of helping the "Liberty Loan of 1917" was disclosed last night when several local organizations announced that at their banquets to be held shortly, the money that would ordinarily be spent on cocktails and wine would be put to a fund to buy war bonds
